

# TCT Run MIPcal1 Summary

| Parameter             | Value                                                                       |
|-----------------------|-----------------------------------------------------------------------------|
| Run                   | MIPcal1                                                                     |
| Surface               | x                                                                           |
| Edge                  | N/A                                                                         |
| Sample                | new5                                                                        |
| Vbias (V)             | 150.0                                                                       |
| DAC (%)               | 65.2                                                                        |
| Bandwidth             | 500MHz                                                                      |
| Path                  | C:\Users\APD-I\Desktop\TCT\LGAD\TD_MIPCalibration_92725_65.2DAC\new_5mmLGAD |
| Irradiation (Fluence) | 0.0                                                                         |
| Notes                 | MIP Cal with new 5mm LGAD, 5 MIPs used                                      |
| Date                  | 10/3/2025                                                                   |
